

### Putting together your folder game:

1. Cut (and laminate) all of your animal pieces.
2. Glue the headers to each section of your folder.
3. Put the title on the front of the folder - be sure to leave the top unglued so that you can use it as a pocket to store animal pieces.
4. Add a small Velcro piece to the back of each animal card if desired and place a matching piece in the file folder (there are 9 animals for each section).
5. Store the pieces for the folder in the front pocket.
6. Let your child have fun sorting the animals!

**Note:** Making this into a folder game is entirely optional! You can otherwise store pieces in a plastic baggie and just sort them on your table. I created the pieces to fit into a file folder for easy storage.

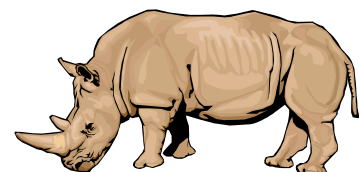

You can also print off two copies of the animal pieces and use them as a memory matching game, or glue one set into a file folder and let your younger child match them correctly.

## Animal Sorting

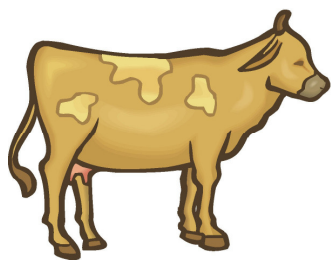

# Animal Sorting

Can you put the animals  
where they belong?

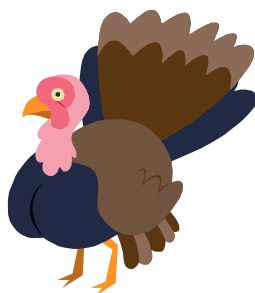

Do they belong in the ocean,  
on a farm, or in the zoo?

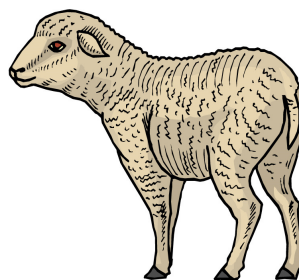

# On the Farm

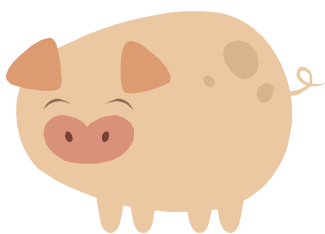

cow

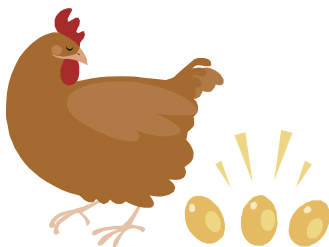

turkey

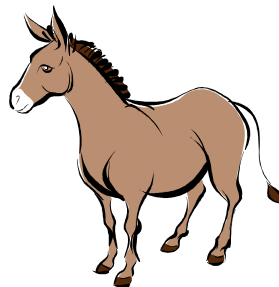

sheep

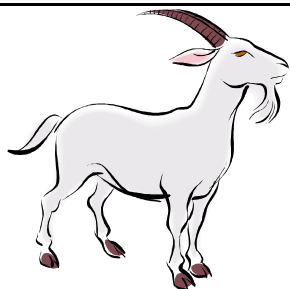

pig

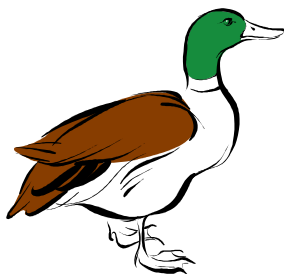

chicken

donkey

goat

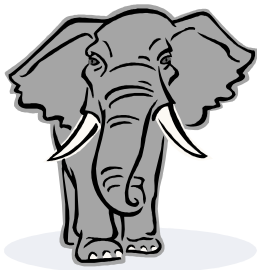

duck

horse

# In the Zoo

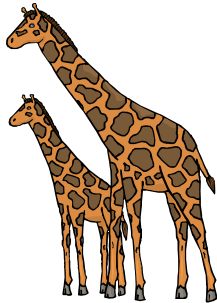

elephant

zebra

chimpanzee

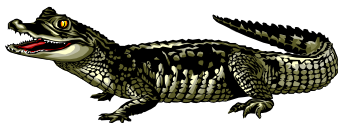

giraffe

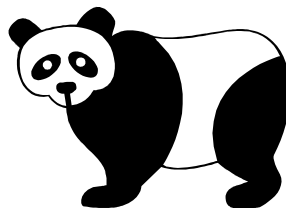

tiger

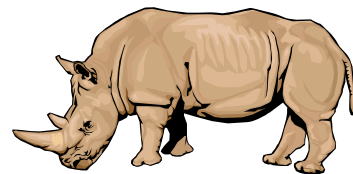

lion

alligator

panda bear

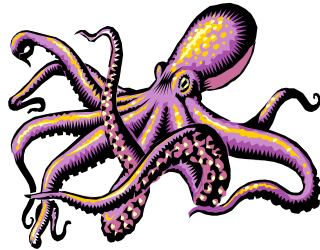

rhinoceros

# In the Ocean

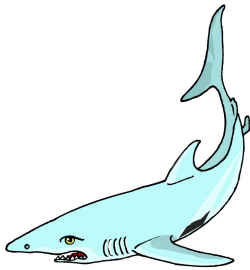

starfish

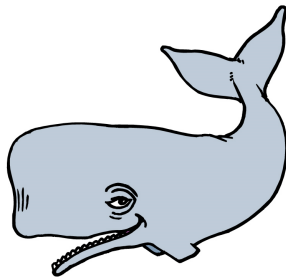

octopus

Seahorse

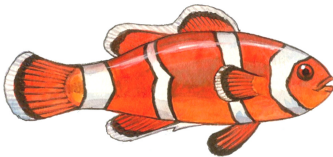

shark

whale

crab

fish

Sea turtle

jellyfish
