

Playdough Mats

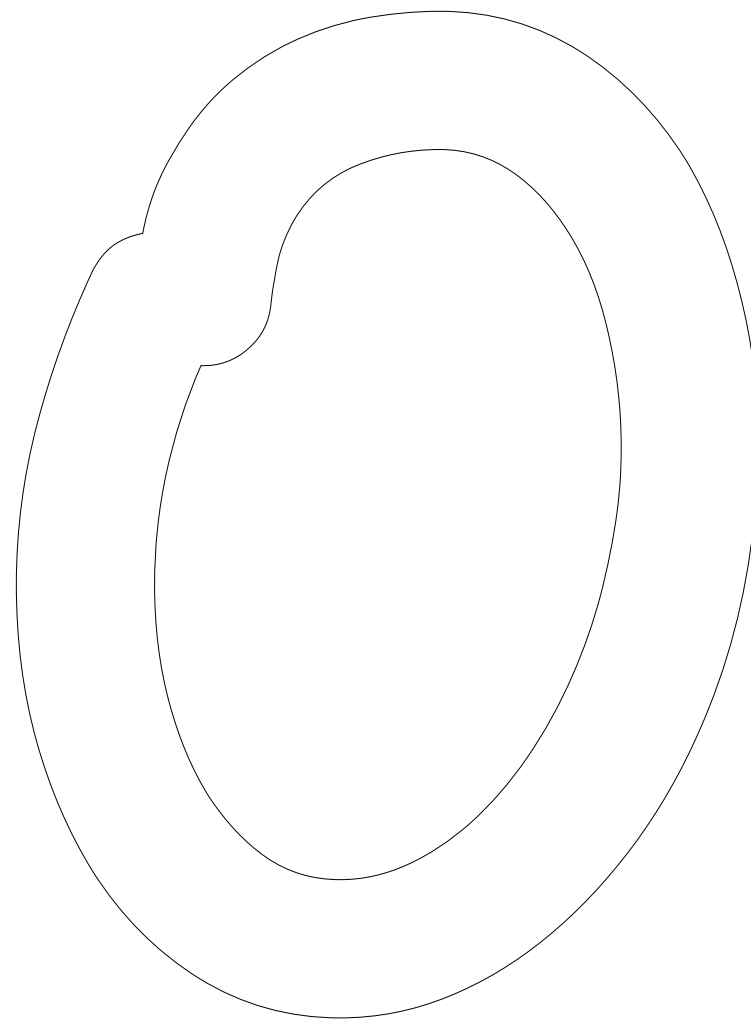

Numbers 0-10

Playdough mats are a great tool to use with your children to work on various learning skills as well as help develop their fine motor skills {and besides, playdough is fun to play with!}. Print off the number mats included, laminate and let your child roll out playdough to form the number. Your child can also form mini balls to place on each of the dots to count along with 1:1 correspondence.

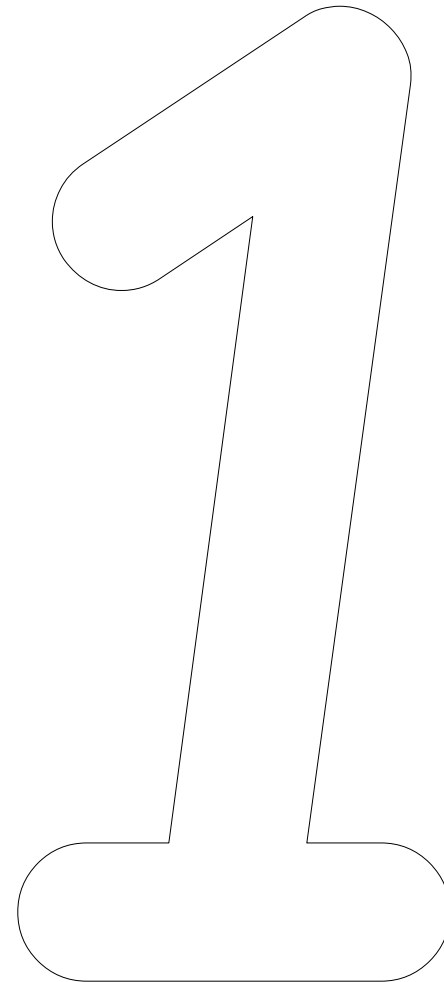

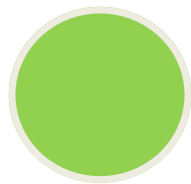

Find other preschool printables, including **Playdough Mats for Numbers 11-20** on my website for the alphabet and counting here:
