

# Spanish Color Matching Cards

These cards are designed to help your child practice matching colors using Spanish words. There are 8 pages containing 11 different colors in this set. One of the cards shows the color word in English and the other color word is in Spanish. Additional color word cards are provided that do not include a color sample so that your child can learn to match the actual words together and identify the words.

The base colors are rojo {red}, anaranjado {orange}, amarillo {yellow}, verde {green}, azul {blue}, morado {purple}, rosado {pink}, marron {brown}, gris {gray}, negro {black} and blanco {white}. Alternative color words for the colors orange, pink, brown, white and purple are also provided since there are a few people that use different words for those colors.

Print the sheets, cut and then laminate to make them more sturdy for younger children.

Use the cards as a memory game, a word matching game, or just for fun with your child.

Please feel free to print this pdf file for your own personal use. They were created for private and non-profit use. Please do not sell or host these files anywhere else.
