

We're Going on a Bear Hunt Printables

Thanks so much for stopping by my site and downloading this file. I hope that you and your child have **MUCH** fun together using this free resource! You can find all of my files and links for this unit on this webpage:

This pack contains early learning printables to use with your toddler or preschooler when studying [We're Going on a Bear Hunt by Michael Rosen](#). I would highly recommend printing the activities from this set onto cardstock so that they are sturdier for younger hands.

If you would like to share, please share a link to my blog or to the page that hosts these files. **Please do not link directly to just the PDF files** (the link you are at now). Please feel free to print this pdf file for your own personal use. They were created for private and non-profit use. Please do not sell or host these files anywhere else.

You can also find extra go-along printables to use with many of the other children's books on my website:

Use the top section for your child to practice writing his/her name and add to the front of a lapbook or file folder if storing your child's work. Depending on the book that you use for your adventure, have your child summarize the book and record what they tell you. Add the mini 'book report' to the front of your folder.

what happened in the story?

My favorite part of the book was...

Do not fear

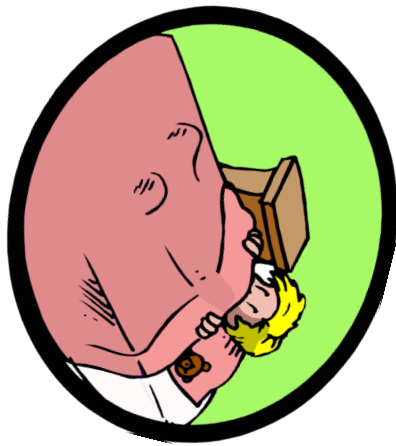

for I am with you,

do not be dismayed

for I am your God.

Isaiah 41:10

Have your child cut apart the verse strips and then glue them together end to end to put the verse in order.

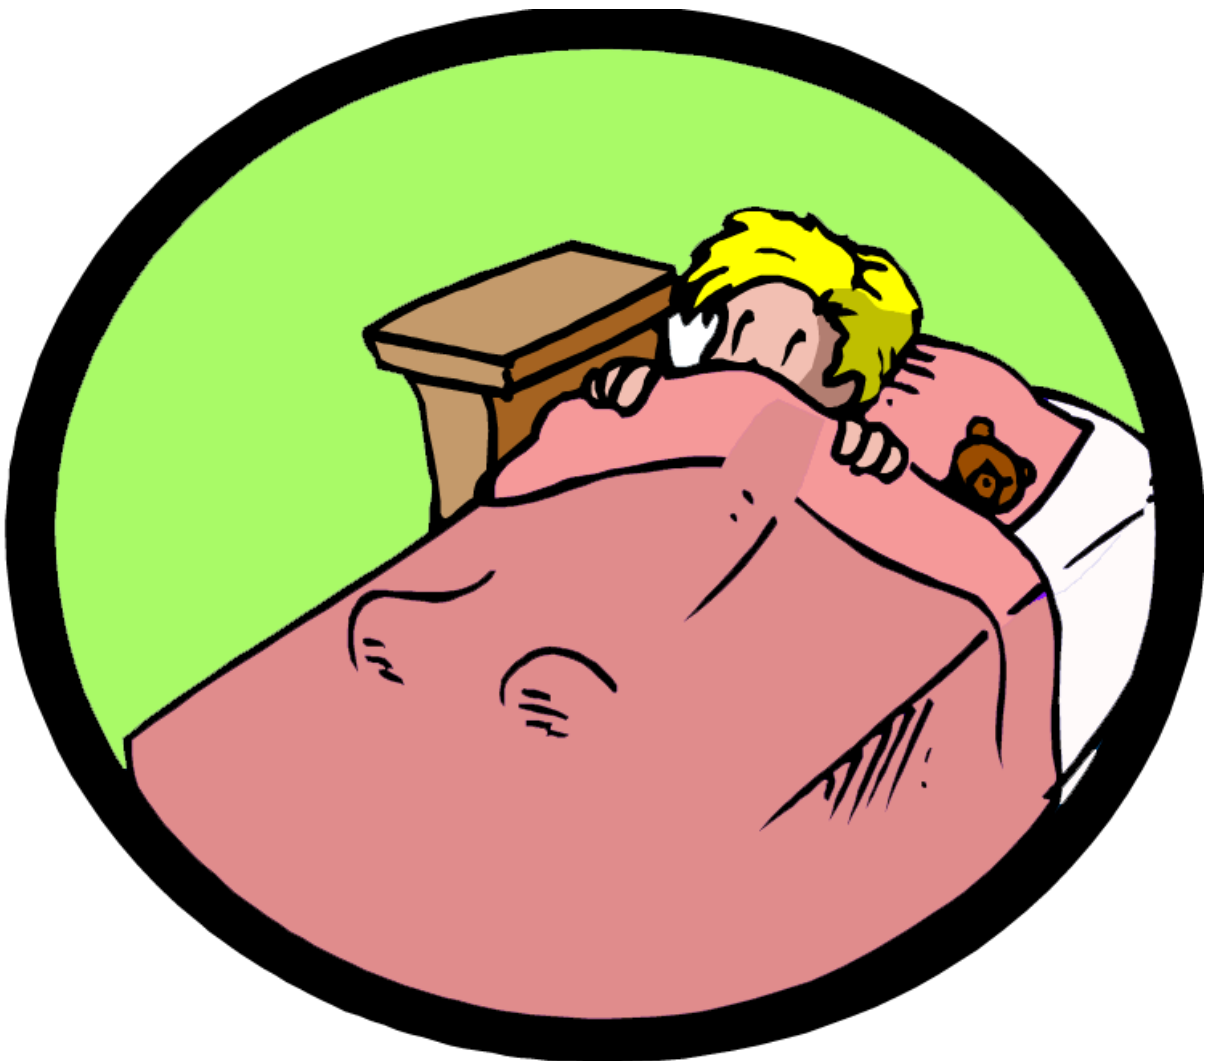

Isaiah 41:10

Do not fear,
for I am with you,
do not be dismayed
for I am your God.

Do not fear,
for I am with you.
do not be dismayed
for I am your God.

Isaiah 41:10

Where's the Bear?

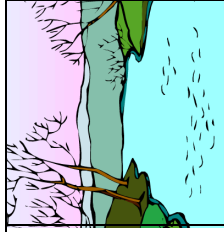

Cut out the cave numbers and the bear. Place the caves {you can put all 20 or fewer} on the table and hide the bear under one of the numbers. Have your child guess which cave the number is underneath. This is a great activity for helping your child identify numbers up to 20. If your child correctly guesses where the number is hidden, have fun counting together up to that number. You can also have your child put the numbers in order independently.

The river isn't too deep!

Move ahead one Spot!

Bear Hunt Game Rules

Roll the dice and move that number of Spaces on the board. If you land on one of the pictures, follow the directions for that Spot. First one to the bear cave wins the game!

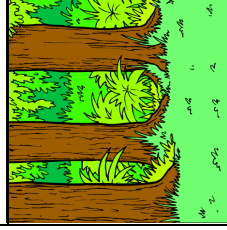

The grass is tall!

Go back one Spot.

Follow the path in the forest.

Move ahead two Spaces.

Oh no! Stuck in the mud!

Wait here for one turn.

You forgot your jacket!

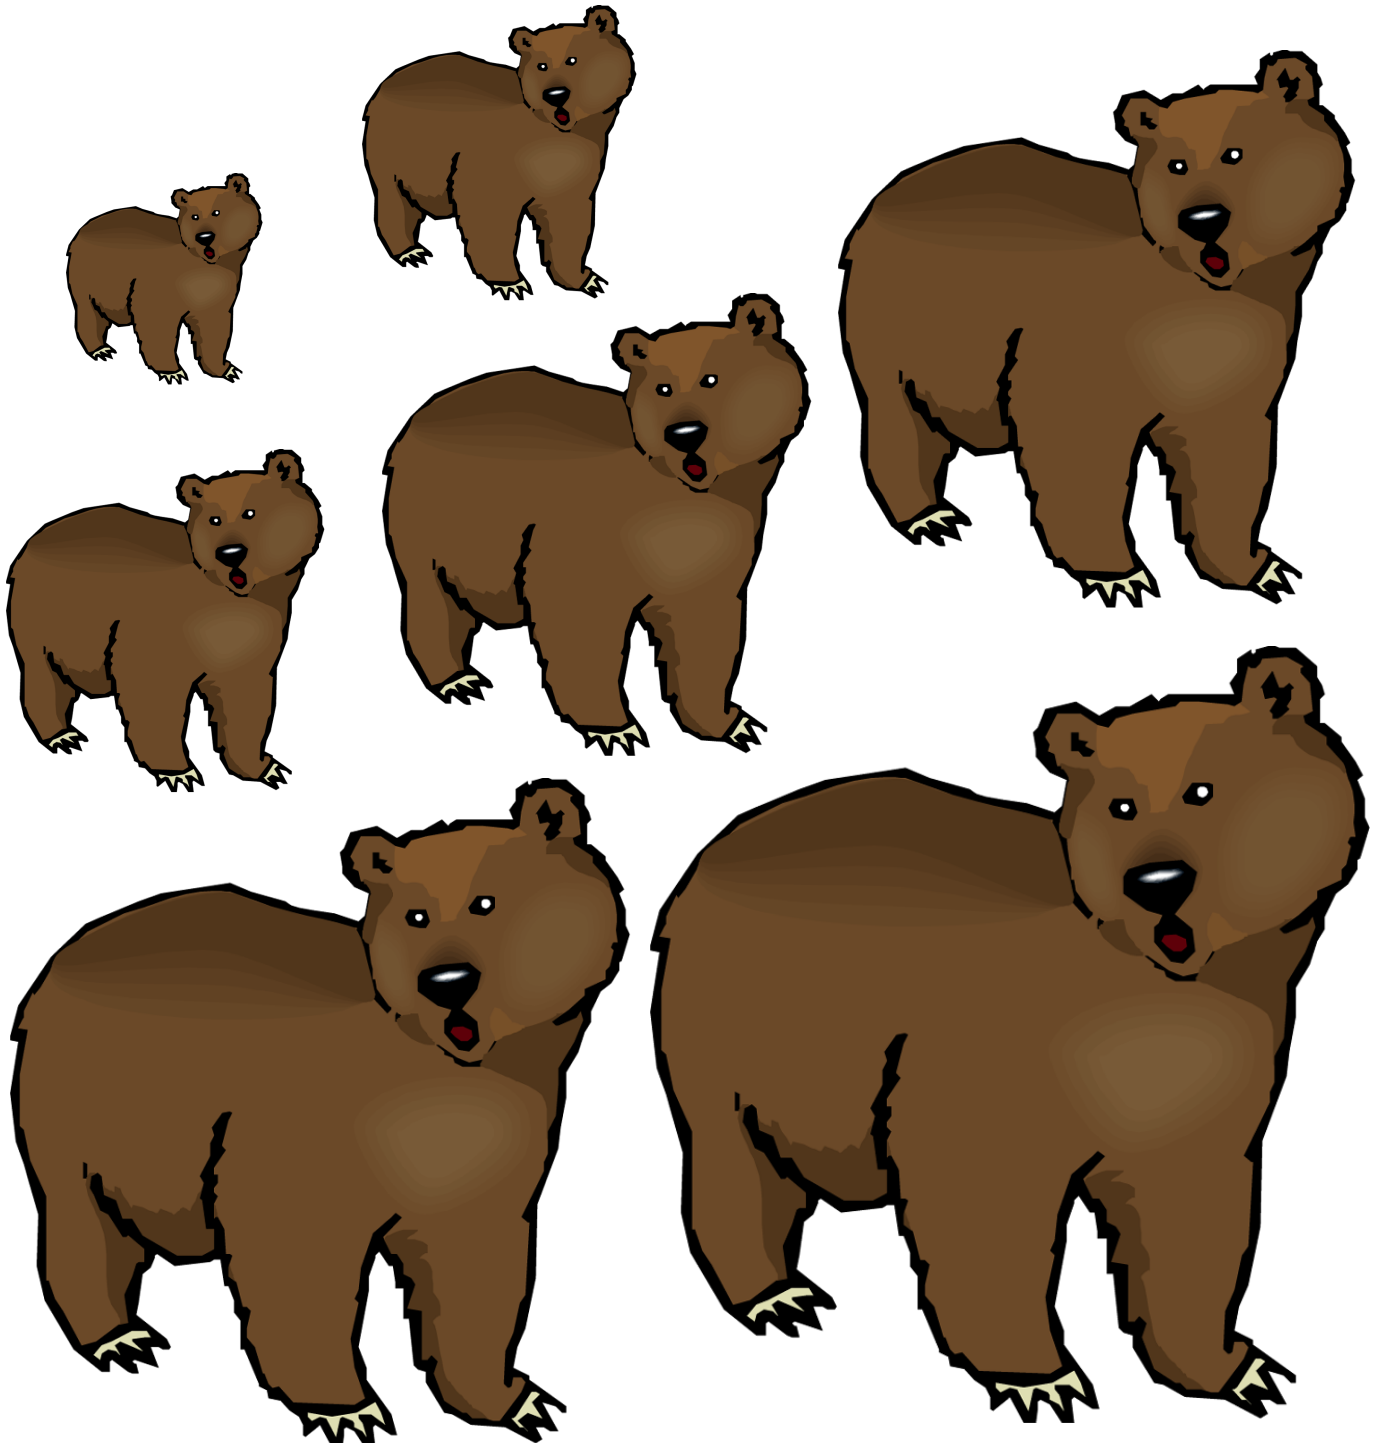

Go back one Space.

Print off the bear paws onto cardstock. You can add numbers {print off multiple pages for more numbers}, number words or anything you would like. Sort numbers by even or odd, use the bear paws to make a path, write letters on the paw prints to spell your child's name, etc... Use the bears below to sort by size.
