

Wizard of Oz

Preschool Pack

Part One

Thanks so much for stopping by my site and downloading this file. I hope that you and your child have **MUCH** fun together using this free resource! You can find all of my files and links for this unit on this webpage:

This pack contains early learning printables to use with your toddler or preschooler when studying about the Wizard of Oz. I would highly recommend printing the activities from this set onto cardstock so that they are sturdier for younger hands.

A great go-along book for preschoolers is [The Wizard of Oz](#), retold by Carol Ottolenghi.

If you would like to share, please share a link to my blog or to the page that hosts these files. **Please do not link directly to just the PDF files** (the link you are at now). Please feel free to print this pdf file for your own personal use. They were created for private and non-profit use. Please do not sell or host these files anywhere else.

Use the top section for your child to practice writing his/her name and add to the front of a lapbook or file folder if storing your child's work. Depending on the book that you use for your adventure, have your child summarize the book and record what they tell you. Add the mini 'book report' to the front of your folder.

what happened in the story?

Cut out the puzzle pieces for your child to put together. You can make the puzzle gradually more difficult each day by first cutting it into four strips, then into 8 pieces and eventually into the full 20 pieces.

Cut out and tape together the two strips to make one long pattering board. Use the images on the previous to work on different patterns with your child!

Print, laminate and cut out. Have your child either clip a clothespin to the correct beginning letter sound or use a dry erase marker to circle the correct letter.
